ABSTRACT

This document provides a listing of vacancies for college freshmen and transfer students in 2- and 4-year colleges in the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming. All vacancies reported are for the fall term, 1972, at the 287 colleges and universities that returned the questionnaires. Specific information regarding application deadlines is given when available.

Conducted and Published by

THE WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION

The COLLEGE VACANCY SURVEY is conducted by the office of Special Higher Education Programs at NICHE each May as a service to institutions of higher education and the public that they serve in the 13 WICHE states. The 1972 Survey has been computer processed.

The following information is important to understanding and using the Survey:

1. All vacancies are for Fall term, 1972.
2. CATEGORIES: Institutions are divided into two-year and four-year categories within states, with freshman and transfer vacancies reported for each institution.
3. STATISTICS: 443 colleges and universities were surveyed by questionnaire in May, 1972, and 287 of those institutions responded. Vacancies are summarized by state at the beginning of the report. The most important point in regard to these statistics is that they represent the minimum number of openings reported by the colleges and universities -- this occurs because there is no way of indicating numbers for the institutions that have stated an open door admissions policy, a trend that is increasing in frequency among western institutions.
4. FOOTNOTES: An asterisk in the footnote column, immediately to the right of the name of the school, indicates qualifying information about vacancies or contains other important data. Please read.
5. APPLICATION DEADLINES: Specific information regarding application deadlines is given when available. Students are reminded that they should contact the institution of their choice directly, but that they should not reapply to any institution that has already denied them admission. Students will still be admitted on the basis of each school's requirements.

Additional copies of this report are available without charge from: College Vacancy Survey, NICHE, P.O. Drawer P. Boulder, Colorado 80302.

COLLEGE VACANCY SURVEY
JUNE 1, 1972

Conducted and Published by
THE WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION

The COLLEGE VACANCY SURVEY is conducted by the office of Special Higher Education and the public that they serve in the 13 WICHE states. The 1972 Survey has been computer processed.

- The following information is important to understanding and using the Survey:
1. All vacancies are for Fall term, 1972.
 2. CATEGORIES: Institutions are divided into two-year and four-year categories within states, with freshman and transfer vacancies reported for each institution.
 3. STATISTICS: 443 colleges and universities were surveyed by questionnaire in May, 1972, and 287 of those institutions responded. Vacancies are summarized by state at the beginning of the report for the colleges and universities -- this occurs because there is no way of indicating frequency among western institutions.
 4. FOOTNOTES: An asterisk in the footnote column, immediately to the right of the name of the school, indicates qualifying information about vacancies or contains other important data. Please read.
 5. APPLICATION DEADLINES: Specific information regarding application deadlines is given when available. Students are reminded that they should contact the institution that has already denied them admission. Students will still be admitted on the basis of each school's requirements.

Additional copies of this report are available without charge from: College Vacancy Survey, WICHE,
P.O. Drawer P. Boulder, Colorado 80302.

FOOTNOTES

ARIZONA

Arizona State University, Tempe, Arizona. ASU maintains an open admissions policy.

Cochise College, Douglas, Arizona. Professional Pilot Training and Nursing are closed to both freshman and transfer students.

Maricopa Technical College, Phoenix, Arizona. Maricopa Tech maintains an open admissions policy, however, students desiring admission in one of the health curricula should be in contact with the appropriate department before applying with regard to prerequisites for application and the setting up of a personal interview.

The following majors are closed at this institution: BS Aero-nautics Operation, BA Art, BA Behavioral Sciences, BS Criminal Justice Administration, BA Fine Arts, BA Graphic Design, BA Interior Design, BS Nursing, BS Occupational Therapy, BA Psychology, BA Social Service, BA Sociology.

Santa Ana College, Santa Ana, California. Santa Ana College accepts all students who are 18 years of age, have attained a high school diploma and meet residence eligibility requirements (established by California state law). Students accepted from outside the community college district are subject to other residency standards. The closing of curricula, due to over enrollment, would provide the primary reason for limiting the number of applicants accepted.

University of California - Berkeley, Berkeley, California. Openings for entering freshman exist in the Dept. of Ethnic Studies and the Colleges of Chemistry, Engineering, and Environmental Design. Openings for lower division transfers exist in the Dept. of Ethnic Studies and the College of Engineering.
